

# Ezequiel Briones

## FULLSTACK WEB DEVELOPER

### Work objective

My objective is to secure a position as a web developer, where I can learn and grow as a professional. My goal is to apply my self-taught skills and contribute to a team-oriented environment and gain practical experience. I am committed to continuous learning and development, as well as expanding my knowledge in programming.

## Academic profile

### FRONT-END WEB DEVELOPMENT

(FEB 2021 - JUL 2021)

Front-End Web Development course on Udemy. Through this course, I gained experience creating functional, adaptable, intuitive, and accessible mockups using HTML, CSS, JS, SASS, and other tools. As part of the course, I completed several projects that allowed me to apply my new skills in practical ways.

### BEGINNER FULL-STACK WEB DEVELOPMENT

(OCT 2021 - DEC 2021)

Full-Stack Web Development course taught by UTN. Which helped me settle the front-end knowledge I had and expand it with new back-end concepts, such as databases, NodeJs, SQL, and sessions.

### FULL-STACK NODEJS DEVELOPER

(MAY 2022 - NOV 2022)

Node.js development course certified by Telecom Argentina and taught by EducacionIT. With this course, I gained a thorough understanding of Node.js development. Including console applications and REST server management. As well as new frontend material, such as Bootstrap.
