Knowledge

Languages

- Spanish - Native
- English - Advanced (Bilingual)
- French - Basic

Work objective

My goal is to insert myself in the industry with a company that allows me to grow not only professionally but as a person. Learn new things that will boost my carreer and achieve my goals in life.

Academic profile

FULL-STACK BEGINNER-UTN

BEGINNER FULL-STACK WEB DEVELOPMENT

Full-stack web development course taught by UTN. In which I reinforced the basics of front.end, and acquired new knowledge of backend. Such as databases, SQL, NodeJs and sessions.

BUILD AMAZING WEBSITES W/HTML, CSS...

FRONT-END WEB DEVELOPMENT

Udemy platform course in which I learned most of my frontend knowledge.
In the course I was taught how to create a functional, adaptable, intuitive and accessible mockup. With HTML, CSS, JS, SASS, among others.
